No harsh solvents

Gojo

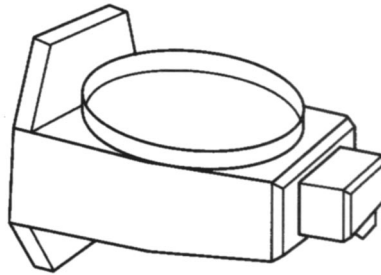

Gojo Power with Crushables

Is a heavy duty hand cleaner specially designed for the heaviest industrial uses where the most stubborn dirt is found. The revolutionary formula combines a balance of cleaning power and mildness. It contains crushable particles that break up the toughest soils and clean without the harsh irritation of conventional abrasives.

Gojo Dispenser

1 GOJO/DISP

Lower overall cost per wash
Quickly and safely removes; Carbon black,
Tar, Cutting oils, Grease, Pigments,
Gasket sealant, Brake dust, Crude oil, Stains,
Resins, Graphite powder and adhesives.

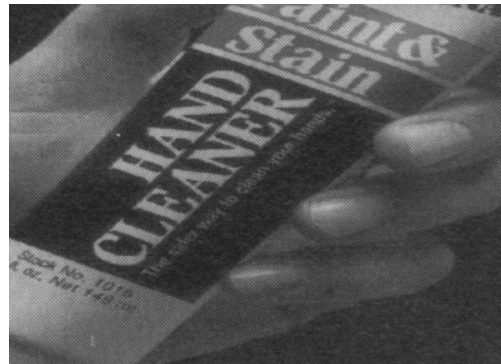

Gojo Dispenser

The use of dip cans or pump dispensers results in the wasteful over application of product, most of which goes down the drain. Gojo's portion control dispensing system delivers the correct amount every time, resulting in lower costs per wash.

Gojo Paint and Stain Hand Cleaner

650ml GOJO/TREMREM

Safely removes; Paints, stains, Coatings,
Adhesives, Sealants, Dyes, Laquers, Urethanes,
epoxies and other difficult soils.
Skin is cleaned thoroughly yet gently, without using
harsh solvents that cause irritation.

Paint and Hand Stain Cleaner

Paint stained hands are too often cleaned with dangerous chemicals like turpentine or lacquer thinner. New Gojo Paint and Stain Cleaner is a far safer and more pleasant method.

West Systems Resin Removing
