3M Marine Fibreglass Restorer & Wax

473ml	6 in box	Liquid	3M/9005
946ml	6 in box	Liquid	3M/9006
3.78L	6 in box	Liquid	3M/9007
500gm	6 in box	Paste	3M/9012

Available in liquid and paste form.

Marine Fibreglass Restorer & Wax

Designed to remove heavy oxidation, chalking, fading, minor scratches, rust and exhaust stains; plus provide protection on fibreglass/gelcoat and marine topside paints. Unique formulation combines a rubbing compound with a special blend of waxes, which restore shine and protect in one application.

3M Marine Fibreglass Cleaner & Wax

473ml	6 in box	Liquid	3M/9009
1Litre	6 in box	Liquid	3M/9010

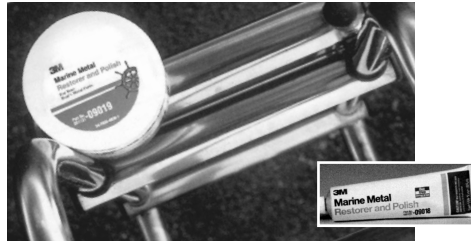

Marine Fibreglass Cleaner & Wax

Designed to remove light to medium oxidation; clean, polish and protect fibreglass/gelcoat and marine topside paints. Unique liquid combines a compound with a special blend of waxes which restore, shine and protect in one application.

Polishes, compounds & maintenance

3M Marine Metal Restorer & Polish

150ml tube 20 in box Paste 3M/9018
500ml tub 6 in box Paste 3M/9018

3M Marine

Marine Metal Restorer & Polish

Designed to restore and polish stainless steel, brass, bronze, copper, chrome, aluminium and other marine metals by removing surface rust, oxidation, corrosion and tarnish.

Restores lustre in one step.

3M Marine Clear Plastic Restorer

500ml tub 6 in box Paste 3M/9020

For best results on polycarbonate plastic (Lexan, Tuffak etc.) use by machine.

Marine Clear Plastic Restorer

Designed to remove stains and fine scratches and haziness from most marine plastics. Can be used on most tinted plastics (test for suitability). Can be used by hand with a soft clean cloth or by machine.

3M Marine Outdoor Vinyl Cleaner, Conditioner & Protector

236ml 6 in box Gel 3M/9023

Marine Outdoor Vinyl Cleaner, Conditioner & Protector

Designed to clean, condition and protect marine vinyl and rubber components. Unique gel formula provides durable protection in interior as well as exterior applications. Gel formula gives better application control than liquid.

3M Marine Clean & Shine Wax

430ml 6 in box Liquid 3M/9033

Marine Clean & Shine Wax

Quick and easy 'spray on - wipe off' product that re-captures that 'just waxed' look and feel. Excellent for use on wet or dry surfaces, no water needed. May also be used to enhance the shine on most boat surfaces.

3M Marine Ultra performance paste wax

236ml 6 in box Paste 3M/9030

Marine Ultra Performance Paste Wax

This innovative new product will leave a protective high gloss finish on marine fibreglass gelcoat, marine topside paints, painted aluminium and metal parts. The 'easy on - easy off' formulation will save time and effort, leaving the boat with a long lasting coating that retards UV light damage.

Polishes, compounds & maintenance

3M Marine Imperial Compound

1 Litre 12 in box Liquid 3M/06044

3M Marine

Marine Imperial Compound

This liquid compound and finishing material is designed to remove a P600 or P800 dual action sand scratch from gelcoat with a wool pad. Designed to be used with an air or electric buffer. (1500-2500 rpm).

3M Marine Protective Liquid Wax

1 Litre 6 in box Liquid 3M/9027

Marine Protective Liquid Wax

Designed to give a high gloss and protect fibreglass/gelcoat, marine topside paints, painted aluminium and marine metal parts. A special formulation which uses reactive chemistry, which actually bonds to the boats surface to provide a durable protective coating. 'easy on-exceptionally easy off' which also retards UV light damage.

3M Marine Finesse-it Paste Compound

4.3Kg 4 containers 3M/6039

Single items may be purchased

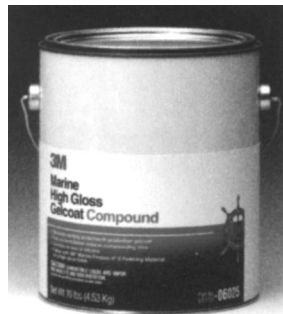

Marine Finesse-it Paste Compound

-white is designed specifically for compounding of marine paints. It is well suited for boat reconditioning on heavily oxidised surfaces and finishes. This product is also well suited for removing P800 sand scratches on production gelcoat; also grade P1000 Or P1200 sand scratches on tooling gelcoats. White colour reduces the potential for staining on light coloured boats.

3M Marine High Gloss Gelcoat Compound

4.3Kg 4 containers 3M/6025

Single items may be purchased

Marine High Gloss Gelcoat Compound

This paste compound is designed to remove P600 DA or P1000 wet sanding scratches quickly from production gelcoat. This product contains no wax or silicone and leaves a high gloss finish without swirl/wheel marks. It has a unique formulation which reduces slinging while buffing.

3M Marine Finesse-it Finishing Liquid

1 Litre 12 containers 3M/9639

Single items may be purchased

Marine Finesse-it Liquid

Is designed for use on topside paint systems to remove swirl marks after compounding, while leaving a glazed finish. Also suggested as a final step in acrylic plastic reconditioning.

3M Perfect-it Fast Cut Compound

1 Kg 3M/9379

Use with mechanical polisher 1500 - 2000 rpm using 3M Perfect III compounding pad.

Perfect-it Fast Cut Compound

For use on any fresh or aged paint to restore finish after removal or defects 3M microfine wet and dry 1500/2000.

Polishes, compounds & maintenance

500ml	12 in box	Spray	3M/CITRUS500

3M Marine Perfect-it Fine Compound

Designed to give extra fine finishing where a high level of gloss is required.

Super Duty Rubbing Compound

Finesse-it 2 Finishing Material

Superbuff & Adaptor

Unique double-face construction buffing pad, with two major advantages; more flexible for getting into tight areas and reverse curves more easily, giving longer life.

Marine Superbuff Pad

Unique double face construction wool buffing pad, which allows the DIY individual to re-condition and maintain their boat, using their power drill to obtain professional looking high gloss finishes usually associated with a dedicated polishing unit.

Wipes & Sponges

Wipe product range for cleaning and maintenance, including a synthetic chamois (synthetic resistance and 'wipe-ability' general purpose microfibre).

Scotchgard

A protective spray offering convenient and lasting protection against oil, dirt, rain, saltwater and stains.

Scotchguard protects natural and synthetic fabrics as well as leather; it will cause no change in look, feel or breathability.

Citrus Base Cleaner

A liquid cleaner/degreaser with a fresh citrus scent. Will also help to remove dirt from vinyl pillows, inflatables, etc. Will remove tar, grease, tape residue, inks, oils and scuff marks.

Polishes, compounds & maintenance

3M Scotch-Brite Cleaning System

Soft pad	6 in box	158x90x20mm	White	3M/350

G P pad	6 in box	158x90x20mm	Green	3M/550
G P pad	10 in box	158x90x20mm	Green	3M/096
Pad holder				3M/0961

Med = Medium
G P = General Purpose

3M Marine

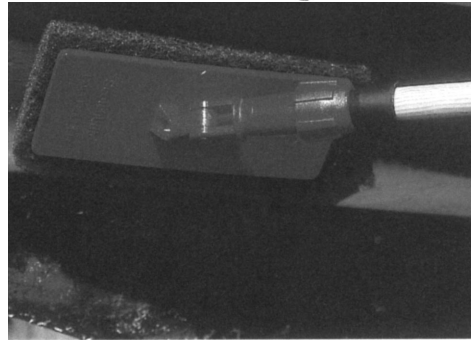

Scotch-Brite Cleaning System

Is suitable for every type of marine cleaning application. The pads fit to the unique Scotch-Brite holder even when wet, ensuring an effective and fast cleaning action on the hull, metal surfaces, decks etc.

3M Doodlebug Cleaning System

Pad holder	25			3M/6474
Kit	4 kits	2 pads/hand block		3M/6473K
Kit	4 kits	2 pads/pad holder		3M/6474K
Doodlebug	5	White	25.4 x 11.7cm	3M/8440
Pads	5	Blue	25.4 x 11.7cm	3M/8242
	5	Brown	25.4 x 11.7cm	3M/8541
	10	Black	25.4 x 11.7cm	3M/8541BLK

White = Soft; For delicate surfaces and light cleaning
Blue = Medium; For medium duty cleaning
Brown = Abrasive; For heavy duty tough abrasion
Black = Coarse; For extra heavy duty abrasive power

Doodlebug Cleaning System

This pad holder features a swivel head and may be used with existing Doodlebug pad offerings. The plastic holder construction provides chemical resistance to common boat cleaning products used in the process of boat cleaning, maintenance and stripping jobs.

Crystal Glo Starter Kit Gift Set

Kit contains;

- 470ml Acrylic Yacht Polish
- 235ml Leather & Vinyl Treatment
- 470ml Acrylic Total Wash

CG/3510

Crystal-Glo Acrylic Yacht Polish

- 470ml CG/3500
- 1 Litre CG/3501
- 4 Litres CG/3504

- Contains no abrasives, silicones or wax.
- Leaves no swirl/wheel marks or powdery residue.
- Easily applied by hand or machine.

Crystal-Glo Yacht Polish adds an environmentally friendly antifouling action which stops algae and barnacle attachment on those difficult waterline areas. Ideal for outboards and outdrives, which lose their shine and create drag if treated with conventional antifouling. Create a smooth non-stick protective acrylic shield that allows bird droppings, fuel spills, grease and grime to be washed off.

Cleans and eliminates; oxidisation, chalking discolouration, minor surface rust, yellowing, tarnish, old wax, waterline and rail marks.

Excellent for; All paintwork, fibreglass, gelcoat, aluminium, chrome fittings, mirrors, stainless steel, brass, carbon fibre, GRP and composites, glass and perspex windcreens and portholes. Clearcote safe.

Crystal-Glo

Starter Kit Gift Set

Everything you need to clean, shine and protect virtually everything in a boat. All presented in a neat kit that includes the Marine line in regular sizes.

Acrylic Yacht Polish

Deeper, richer, smoother. Cleans, revitalises and protects in one. Having maximised colour intensity and high gloss, it deposits a super-protective acrylic coating. This gives your boat a deep, lustrous shine that's impervious to salt water, acid rain and marine growths.

This polish breathes new life into old paintwork, easily reviving dull finishes and adds UVA/UVB protection to stop yellowing and fading.

This innovative product even acts as a barrier to prevent surface rust and corrosion.

Acrylic Yacht Polish

Deeper, richer, smoother. Cleans, revitalises and protects in one. Having maximised colour intensity and high gloss, it deposits a super-protective acrylic coating. This gives your boat a deep, lustrous shine that's impervious to salt water, acid rain and marine growths.

This polish breathes new life into old paintwork, easily reviving dull finishes and adds UVA/UVB protection to stop yellowing and fading.

This innovative product even acts as a barrier to prevent surface rust and corrosion.

Leather & Vinyl Treatment

Superior outdoor protection. Deep cleans to remove stubborn dirt, while revitalising the richness, the suppleness and colour intensity of leather, marine vinyl and rubber components.

Cleans without marking or filming, using a gentle chemical action that attacks grease and grime, not the environment.

With every wash, active acrylic protective agents are added to your finishes. Helps prolong the essential protection of Crystal-Glo Acrylic Yacht Polish,

Acrylic Total Wash

All purpose cleaner. A broad purpose wash-on, rinse-off treatment that deep cleans and conditions all exterior paint and metalwork. It also cleans vinyl, removes stains from fabric and swabs decks without sacrificing grip.

Crystal-Glo Marine & Industrial Surface Restorer & Sealant

- 470ml CG/9000
- 1 Litre CG/9001

- Contains no silicones or wax.
- Superior to rubbing and polishing compounds.
- For best results use with a machine polisher or buffer.

Compounding & Refinishing; eliminates compound swirl/wheel marks, revitalises colour intensity and improves gloss levels. Makes reconditioning much easier with less clean up, no messy residues, dust or flakes.

Cleans and eliminates; heavy oxidisation, chalking discolouration, corrosion, minor scratches, surface rust, yellowing, tarnish, stubborn waterline and rail marks, embedded dirt and fading.

Excellent for; All paintwork, fibreglass, gelcoat, aluminium, chrome, mirrors, stainless steel, brass, silver, carbon fibre, GRP and composites. Clearcote safe.

Crystal-Glo Leather & Vinyl Treatment

- 470ml CG/3000

- Leaves no residue.
- Repels water, salt & dust. Antistatic.
- Silicone free.

Long lasting protection for; all outdoor marine vinyl, rubber, formica, plastic and interior leathers.

Crystal-Glo Acrylic Total Wash

- 470ml CG/4000
- 1 Litre CG/4001
- 4 Litres CG/4004

- Concentrated formula (only 6 capfuls to a 4 litre bucket).
- Easily cleans grease, oil, algae, fish blood and stubborn dirt.
- Contains no abrasives, bleach, detergents or biocides.

Farecla Advanced G-Mop Lambswool Pad 8"

8" FA/AGM-WCP8

Wax Top Polish

- Superb high gloss finish.
- Customer satisfaction guaranteed.
- Can be used on all fully cured paint finishes and GRP.
- Quick and easy to apply and remove.
- Hides minor paint imperfections.
- Excellent durability of up to 3 months.

6" 8" Advanced G-Mop Lambswool Pad

- Suitable for hard to polish paint surfaces, gelcoats and other composite materials.
- Developed for use dry (no need to add water).
- 100% lambswool minimises swirl marks.
- Suitable for use on curved surfaces due to the flexibility of the lambswool pad.
- Circle on back of pad allows easy centring.
- Fully washable allowing repeated use.
- Hook and loop system allows quick and easy switch between G-Mops.

8" Advanced G-Mop Wool Pad

- As above but with a less aggressive action

Quick Release & Double Sided Heads

Farecla have recently designed two types of double sided compound heads which are used in conjunction with a quick release adaptor. The benefits of this are that; having to change over heads is halved due to twice the use obtained from one head.

Seajet

Boatwash

This powerful cleaning and revitalising cleaner for fibreglass, plastic and paintwork; removes yellowing from surfaces and can also be used as a degreaser. This product is ideal for a pre-season clean to remove grime and restore shine.

Speed Polish

Cleans and waxes in one application. Designed to be a quick and easy way to restore shine to paintwork and GRP. Silicone free and suitable for all surfaces. Creates a waterproof barrier to protect your paintwork or GRP from the elements.

Boatwash with Wax

This is designed as a frequent use cleaner with wax, that will efficiently remove dirt, rubbing marks and pollution on GRP and metal surfaces. Leaves a wax residue to maintain wax finish.

Rubbing Compound

A liquid rubbing compound designed to restore old paint and GRP surfaces. Will remove dirt which is ingrained into the surface, including yellowing. Provided that this product is used in conjunction with Hard Wax or Polish, Seajet Rubbing Compound is an important part of a polishing system that will give long term shine.

Hard Wax

This is the final coating designed to give long lasting protection to GRP and painted surfaces. This will maintain a gloss for 6 - 8 months. Hard wax is in liquid format so it is quick and easy to apply. It contains an advanced mixture of hard waxes and Carnauba wax, which is incredibly resistant to pollution.

Marine & Industrial Onceover Cleaning Liquid

500 ml Liquid MI/ONCEOVER/500
2.5 Litres Liquid MI/ONCEOVER/2.5

**Marine & Industrial
Onceover Cleaning Liquid**

Marine & Industrial
are pleased to announce the
introduction of their exciting
new cleaning product

Onceover

Over a period of time,
we have had many
requests for an effective
hull and general
purpose cleaner. Now
after extensive testing
we are proud to present
just such a product.

Available in 500ml spray
and 2.5 litre trade pack.

A very high performance
and easy to use multi-
surface cleaner, which
is specially formulated
to remove;

- Diesel marks
- Waterline staining
- Yellowing of surface
- Rust stains

Very easy to use;

- Spray on
- Leave for 5 to 15 minutes
- Wash off

Can be used on all hull
surfaces including GRP,
gelcoat and stainless
steel etc.
